# BUDGET MESSAGE

Alachua County Library District Administration 352-334-3910 | FAX 352-334-3918

September 14, 2022

## TO THE HONORABLE CHAIR AND MEMBERS OF THE ALACHUA COUNTY LIBRARY DISTRICT GOVERNING BOARD AND RESIDENTS OF ALACHUA COUNTY:

In accordance with Florida law, the Trustees and the Library District's staff are pleased to submit the FY 2022-2023 recommended budget for the Alachua County Library District. Chapter 98-502, as amended by Chapter 03-375, Laws of Florida, establishes the Alachua County Library District, an independent special taxing district, as the sole provider of public library services in Alachua County. The Library District, the incorporated areas, and the unincorporated area of Alachua County's jurisdictional boundaries are congruent.

The long term prudent fiscal management of the Library District continues to result in stable or enhanced service levels. The mission and values of the Library District define its primary purposes that include a key to building a better community by creating opportunities to participate, connect and discover, diversity of people and ideas, open exchange of ideas, education, information, excellent and innovative service, and free and equal access. These values guide the planning processes for the Library District and provide focus when prioritizing library services based upon available and budgeted resources.

Over the past ten (10) years, total Library District millage including debt service decreased from 1.4768 mills down to 1.0565 mills. Local governance of the Library District is responsive to the needs of the community in a fiscally responsible manner that has been exemplary.

Since the Library District no longer levies a millage to fund the long-range capital development plan, it has been revised accordingly to reflect available revenues. Unlike most other local governments, the Library District is almost totally dependent on its property tax base revenues for both operating and capital expenditures. As a result, construction projects are planned accordingly to ensure that projected revenues from this one source will be available to sustain the current service level, and construct and operate any new and/or expanded facility.

The Library District expects to receive approximately \$339,081 in State Aid in FY 2023, this is \$1,974 less than received in FY 2022, and \$41,381 less than received in FY 2012. State Aid funds are used by the Library District to purchase library materials.

The Library District's FY 2023 recommended budget was prepared with staff participation from each Branch Manager and Headquarters Department Heads. They presented their respective budget requests with concern for cost-efficient services and inflation, and defended their budgets well. Staff budget proposals exhibited the highest level of public service commitment.

The recommended budget builds on existing Library District assets with enhancements to public services, attention to our dedicated staff, and a cost-effective approach to managing financial resources we receive from our citizens that addresses short and long-term library service needs.

Without a doubt, this continues to be the finest public library in Florida combining a dedicated staff with exceptional support from the Board of Governors, the Board of Trustees, Friends of the Library, and the Library District Foundation. Most importantly, our community values the educational, informational and recreational services their Library District provides.

## **Proposed Budget**

The proposed operating millage rate for FY 2023 is 1.0565, which is a lower millage rate than the past seven years (Fiscal Years 2016-2022). While the district is not going to the roll-back millage rate, the 1.0565 millage rate for FY 2023 is less than the current year millage rate of 1.0856.

The Library District's FY 2023 general fund expenditure budget is \$20,714,191.

The operating budget does not include a transfer to the Capital Projects Fund from the General Fund. The capital budget supports revitalization and remodeling of existing branches and preventative maintenance to support the District's programs identified in the Facilities Development Plan. Also included in the operating budget are a 5% expenditure reserve and a forty-five (45) day ending cash balance reserve.

The proposed millages to fund the <u>Long-Range Facilities & Service Plan</u> for FY 2022-2023 compared to FY 2021-2022 are:

FY 2021-2022	FY 2022-2023
1.0856 mills for Operating	1.0565 mills for Operating
1 ADEC TOTAL DISTRICT	1 AZCZ TOTAL DISTDICT
1.0856 TOTAL DISTRICT	1.0565 TOTAL DISTRICT
MILLAGE	MILLAGE

## **Proposed Budget Highlights**

In accordance with the <u>Long-Range Facilities & Service Plan FY 2023-2027</u> adopted by the Governing Board and Board of Trustees, the proposed FY 2023 budget supports the following:

• Provide 584 open hours of library service per week at the twelve (12) Library District locations. Sunday service hours are not offered at Archer, Cone Park, The Library Partnership, Micanopy and Waldo.

Library Facility	FY 2020-2021 Hours Per Week	FY 2021-2022 Hours Per Week	FY 2022-2023 Hours Per Week
Headquarters	63.	52	55
Millhopper Branch	63	52	55
Tower Road Branch	63	52	55
Alachua Branch	55	52	52
Hawthorne Branch	51	47	52
High Springs Branch	49	47	52
Archer Branch	41	35	39
Micanopy Branch	31	35	39
Newberry Branch	51	47	52
Waldo Branch	41	35	39
The Library Partnership	49	42	47
Cone Park	<u>48</u>	<u>42</u>	<u>47</u>
TOTAL	605	538	584

- Provide service levels at the twelve (12) library facilities in accordance with the <u>Long-Range Facilities</u> <u>& Service Plan FY 2023-2027</u> "Projected Library Service Levels."
- Develop and implement facility preventative maintenance strategies for the Branches to continue to enhance the patron experience and a quality work environment.
- Realign staff to balance workloads.
- Continue energy/resource conservation programs to generate savings and/or revenues.
- Identify recurring revenue opportunities through leases of Library District space and state and federal grants.
- Continue to develop additional core competencies for all job classifications to clearly define performance expectations, develop clear policy and procedures with testing and training with the support of the Library District's Human Resource Director.
- Continue to enhance virtual user services through a highly interactive website and catalog access, and more Library District generated content.
- Enhance programming by collaborating with other community organizations and jointly promoting and sponsoring events directed to families, the general public, children, teens, adults, seniors, or groups with special interests.
- Continue Books-By-Mail and deposit collection operations to serve patrons with limited access to a branch library.
- Evaluate the return of Bookmobile Services.
- Continue use of volunteers to assist staff in providing library service, with continued information technology uses.
- Expansion of makerspace throughout the District, specifically looking for partnership and sponsor opportunities as the makerspace concept continues to develop.
- Appropriate \$2,700,000 in the General Fund for books and other library materials. With anticipated State Aid, Brady Trust funds, PAL Public Library Cooperative, and a generous donation by the Friends of the Library added to the general fund appropriation, the materials budget is approximately \$2,835,000.
- Add a dedicated makerspace at Headquarters Branch.
- Expansion/renovation of Archer Branch.
- Window replacement at Headquarters Branch.

## About the Alachua County Library District

The District's Governing Board is composed of three members of the Board of Alachua County Commissioners, two members of the Gainesville City Commission and one member of the Alachua County School Board. Governors are selected by their respective Commission or Board to serve on the Library District Governing Board.

According to the Special Act creating the District, the Governing Board has the power to adopt an annual budget, establish service levels, adopt a long-range facilities and service plan, lease or purchase property, contract for services, receive grants, and take any other action necessary to provide public library services to the citizens of Alachua County.

The Governing Board may levy ad valorem taxes for operational expenses and all millage necessary to pay the principal and interest on general obligation bonds. The District's authority to levy 0.5 mills for capital improvements ended April 2001. New authority to levy a capital improvements millage would require voter approval. The District also has authority to issue limited tax bonds for capital improvement purposes and General Obligation Bonds with referendum approval. As a reminder, the District paid off its Debt Services in August 2017.

The Governing Board appoints the seven-member Board of Trustees, a citizen volunteer board that is part of the governing structure of the Library District. Three of the seven members are Alachua County representatives, three are City of Gainesville representatives, and one is a representative of the League of Cities.

Responsibilities of the Board of Trustees include developing recommendations for policy, budget and plans for the Library District, reporting at meetings on matters that may affect the District, responding to requests by the Governing Board for various recommendations, reporting information about Library issues, advocacy for state and national library funding, and listening and responding to citizens who have questions related to the Library District and libraries in general.

The Alachua County Library District provides public library service to a countywide population of approximately 279,238 (2021). The District is a centralized system with a Headquarters Library located in downtown Gainesville and eleven branch libraries throughout Alachua County and within incorporated areas.

One large library (Millhopper Branch) is located in northwest Gainesville. The Library Partnership Branch in northeast Gainesville and Cone Park Branch in east Gainesville are operating in collaboration with the Partnership for Strong Families. Another large library (Tower Road Branch) is located in unincorporated Alachua County southwest of Gainesville, just outside of the city limits of Gainesville. The municipalities of Alachua, Archer, Hawthorne, High Springs, Micanopy, Newberry and Waldo each have a branch library. In addition to the Library District's branches, the Library District operates two bookmobiles and provides library service to the inmates of the Alachua County Jail through an interlocal agreement with the Alachua County Sheriff.

Citizens of Alachua County may receive a borrower's card free of charge through reciprocal borrowing agreements with the following counties: Baker, Bradford, Clay, Columbia, Dixie, Gilchrist, Lafayette, Levy, Marion, Putnam, St. Johns and Union. These agreements are designed to facilitate access to the most conveniently located library branch regardless of an individual's county of residence. Alachua County residents may also receive a free borrower's card from the Nassau and Hendry County Public Libraries.

## State Aid to Libraries Program

State Aid is a continuing state grant authorized by Chapter 257, <u>Florida Statutes</u>. It is the only substantial revenue source the Library District has outside of ad valorem taxes. Eligibility for state aid is contingent upon the provision of "free library service" defined in Chapter 257.25, Florida Statutes as: "Free library service shall constitute as a minimum the free lending of library materials that are made available for circulation and the free provision of reference and information services."

The goal of the State Aid to Libraries Program is to assist local governments in maintaining and developing free professional library service for all Floridians as a part of the educational infrastructure. Grants are awarded through an application process and the amount received from the total state appropriation is proportional to the amount of local funds spent providing library service in Alachua County. State Aid is used to purchase materials for the library collection.

In FY 2011, the inter-local agreement creating the PAL Library Cooperative was approved by the Putnam and Levy County Commissions and the Library District Governing Board.

The Cooperative has identified and coordinated the provision of selected library services across the region agreed upon by the three (3) county library members. The Cooperative is funded solely through the State Aid to Public Libraries grant program and is eligible to receive an annual grant of \$350,000. The Library District will receive approximately \$62,640 in materials and services in FY 2022-2023 by being a PAL member.

The PAL Library Cooperative provides an opportunity for the Library District to receive State Aid grant funds for materials and services in addition to its operating grant. The additional library materials and services received by Putnam and Levy County residents greatly improve the quality of information services accessible throughout this region.

In closing, we wish to acknowledge the excellent support received from our staff, Governing Board, and Trustees in the preparation of this budget.

Respectfully submitted,

Shaney **7**. Livingston Library Director

Ester S. Tibbs, Chair Library Board of Trustees

## ADMINISTRATIVE SERVICES

## DIVISION

## **DEPARTMENT MISSION STATEMENT**

The Administrative Services Division's primary goal is to provide effective, quality library services to the residents of Alachua County through professional planning, development and coordination of staff and volunteer efforts, and optimum utilization of available resources.

The Library Director and Administrative staff:

- Make recommendations to the Board of Trustees and Governing Board.
- Implement all directives and policies approved by the Governing Board.
- Prepare the annual budget.
- Manage the District's personnel, fiscal and material resources.
- Approve expenditures within the guidelines set by the Board.
- Prepare financial and statistical analyses.
- Prepare the Long Range Facilities and Service Plan; evaluate service levels.
- Prepare accomplishment report.
- Coordinate programs and activities of nine Headquarters departments and eleven branches to meet the approved service level goals.
- Provide for capital improvements development.
- Provide for staff development, public relations, and volunteer services.

## **DEPARTMENT MISSION STATEMENT**

The primary function of The Automated Services Department is the provision of technology-based resources for Library District patrons and staff.

Automated Services is responsible for all central site hardware operation and maintenance of the Integrated Library System (ILS) hardware and software modules. Also, this Department is responsible for the provision of office automation for staff as well as public access to databases and the Internet through use of computers. Local and Wide Area Networks and user application programs are supported by this Department.

Optimum use of the ILS and the Communication Networks are the primary goal. This encompasses staff training, planning and implementing enhancements, generating and analyzing statistical reports on Library use, and monitoring System diagnostic reports.

Alachua County Library District Final Budget FY 22-23 Facilities Services Department

## **DEPARTMENT MISSION STATEMENT**

Facilities Services is a Department of the Administrative Services Division.

The Facilities Department's primary function is to maintain the physical aspects of all library structures including existing library buildings, future library buildings, and storage/shop buildings. The Facilities Department ensures quality library service by maintaining adequate buildings, equipment, and grounds. Facilities provides maintenance and construction personnel for all library buildings by securing in-house staff or through sub-contracting. In addition this Department, in cooperation with Administration, coordinates the Safety Program and other aspects of the District's Risk Management program.

## DIVISION

Alachua County Library District Final Budget FY 22-23 Public Services Division

## **DEPARTMENT MISSION STATEMENT**

The primary goals of the Public Services Division are to provide the citizens of Alachua County with easy and open access to print and non-print materials that meet their informational, educational, cultural and recreational reading, listening and viewing needs; to promote the use of books and libraries as a source of life-long learning opportunities; to promote the use of the library's resources and services by all segments of our community; to establish and maintain liaison with community groups and organizations; and to plan, implement and/or facilitate informational, educational, and cultural programs of interest to the community.

In supporting these goals, the Public Services Division insures that those patrons for whom distance or other factors prevent them from making full use of library services have access to resources through convenient branch and bookmobile locations, deposit collections, homebound services, and a comprehensive website eBranch.

Alachua County Library District Final Budget FY 22-23 Adult Services Department

## **DEPARTMENT MISSION STATEMENT**

The overall goals of the Adult Services Department are to provide the residents of Alachua County with easy and open access to print and non-print materials that meet their informational, educational, cultural, literacy and recreational reading, listening and viewing needs; and to promote the use of books and libraries as a source of life-long learning opportunities.

In support of these goals, Adult Services staff assist patrons in the use of library materials and resources; provide in-house, online and telephone reference and reader's advisory; evaluate and promote the digital collection; promote the use of the library's resources and services by all segments of our community; establish and maintain liaison with community groups and organizations; plan, implement and/or facilitate informational, educational and cultural programs of interest to adults.

Adult Services provides consultation, coordination, and in-service training to branch, bookmobile, and other District staff in areas related to adult reference and information services.

Adult Services also provides literacy improvement resources with a mission to provide educational programs, materials, and support in order to help individuals and families acquire the literacy practices and skills needed to be successful in their daily lives.

Alachua County Library District Final Budget FY 22-23 Alachua Branch

## **DEPARTMENT MISSION STATEMENT**

The Alachua Branch is part of the Public Services Division and is classified as a small branch.

The mission of the Alachua Branch is to ensure that those patrons who are prevented by distance or other factors from making full use of other library facilities, have access to resources and types and levels of service in accordance with branch service levels. Through local collections, electronic access, systematic referrals to other library facilities and a delivery system, branch patrons can access library system resources.

Alachua Branch clientele includes people living within a 5-mile radius of the branch, and any others who find the branch location convenient.

The Alachua Branch is responsible for assuring that service which meets the needs of its community and patrons is provided for in all library planning, budgeting and facilities development; that trends are researched and needs identified; and that the Alachua Branch is integrated with the Long Range Plan goals of the library system as a whole.

The mission of the Circulation Services Department is to ensure that all residents of Alachua County have fair and open access to library materials. The department provides direct patron service at the Headquarters Library and support for automated circulation functions at all District outlets.

To achieve the department's mission, the Circulation Staff provide for patron registration; materials check-in and check-out, processing and delivery of patron requests; patron notification of delinquent and damaged materials; assistance to patrons on self-service and options; books-by-mail service to homebound patrons; interlibrary loan services; re-shelving and shelf maintenance.

Circulation Services also provides consultation, coordination, and in-service training to branch, bookmobile and other District staff in circulation processes and procedures.

The Cone Park Branch is part of the Public Services Division and is classified as a community branch. This Branch is a collaborative effort between the Library and Partnership for Strong Families. It serves as a resource center and a library.

The mission of the Cone Park Branch is to ensure that those patrons who are prevented by distance, or other factors from making full use of other library facilities, have access to resources and types and levels of service in accordance with branch service level guidelines. Through local collections, electronic access, systematic referrals to other library facilities and a delivery system, branch patrons can access library system resources.

Cone Park Branch clientele includes people living within a 5-mile radius of the branch, and any others who find the branch location convenient.

The Cone Park Branch is responsible for seeing that service which meets the needs of its community and patrons is provided for in all library planning, budgeting and facilities development; that trends are researched and needs identified; and that the Cone Park Branch is integrated with the Long Range Plan goals of the Library District.

Alachua County Library District Final Budget FY 22-23 The Library Partnership: A Neighborhood Resource Center

# **DEPARTMENT MISSION STATEMENT**

The Library Partnership Branch is part of the Public Services Division. The Library Partnership: A Neighborhood Resource Center, is a collaborative effort between the Alachua County Library District and Partnership for Strong Families. The center is designed as a one-stop resource for a variety of programs which includes a full-service library branch. Approximately 30 different agencies provide programming on site. The goal of the resource center is to support the families and ultimately decrease the number of children entering the foster care program.

Anyone in the community, especially families residing in the 32609 zip code can use the center regardless of income. The mission of the Library Partnership Branch is to ensure that those patrons who are prevented by distance or other factors from making full use of other library facilities have access to resources and types and levels of service in accordance with branch service levels. Through local collections, electronic access, systematic referrals to other facilities and a delivery system, library patrons can access library system resources.

The Library Partnership Branch is responsible for seeing that service which meets the needs of its community and patrons is provided for in all library planning, budgeting, and facilities development; that trends are researched and needs identified; and that the Library Partnership Branch is integrated with the Long Range Plan goals of the library system as a whole.

Alachua County Library District Final Budget FY 22-23 Millhopper Branch

# **DEPARTMENT MISSION STATEMENT**

The Millhopper Branch is part of the Public Services Division and is classified as a large branch.

The mission of the Millhopper Branch is to ensure that those users who are prevented by distance, or other factors from making full use of other library facilities, have opportunities to participate, connect and discover at the library. Access to resources both electronic and physical are available, as well as unique experiences and learning opportunities offered through programming.

Millhopper Branch users include people living within a 5-mile radius of the branch, and any others who find the location convenient.

The Millhopper Branch is responsible for seeing that services which meet the needs of community users are provided for in library planning, budgeting and facilities development; that trends are researched; needs identified; and that the Millhopper Branch is integrated with the Long Range Plan goals of the Library District.

The mission of the Outreach Services Department is to ensure that all patrons have access to library resources and services in accordance with Library District service levels, even if distance or other factors prevent them from making full use of library facilities. The mission is pursued through direct patron service and through delivery services.

Outreach Services' patrons include:

- Alachua County Residents isolated by distance or lack of transportation
- Residents with disabilities
- Individuals in facilities: assisted living, retirement communities, apartment complexes, rehabilitation/healthcare centers, and those similarly prevented from accessing the library

Clientele served by delivery include library departments, branches, the government, educational, community, charitable, and commercial organizations which help to fulfill the mission of the Library District.

Outreach Services is responsible for bookmobile services and providing library services to the Alachua County Jail.

The Youth Services Department provides for the education, recreation, and informational needs of the youth of our community. This is accomplished through open access to print and non-print materials, strong connections with our community partners, programming geared toward children and youth from birth through high school, and innovative leadership of the Library District on all materials related to youth services.

The goal of the Youth Services Department is to foster an inviting environment that promotes literacy for children, teens, and their caregivers.

We endeavor to cultivate and empower all youth by inspiring a love of reading, sparking curiosity and joy of discovery, and by providing access to information, knowledge and diverse ideas.

Youth Services also provides consultation, coordination, and in-service training to branch, bookmobile and other District staff in areas related to children and teen services.

The Technical Services Department has responsibility for the District's collection development program; and for the acquisition, cataloging, database maintenance, and processing of all library materials. In order to fulfill these functions the Department is divided into four working units: Collection Development, Acquisitions, Cataloging, and Database Maintenance and Processing.

Collection Development staff oversee the District's collection development program, prepare the materials budget, and select adult and youth circulating materials; including audio visual items and digital collections. Acquisitions staff order and receive library materials, maintain control over serials and standing orders, and administer the materials budget.

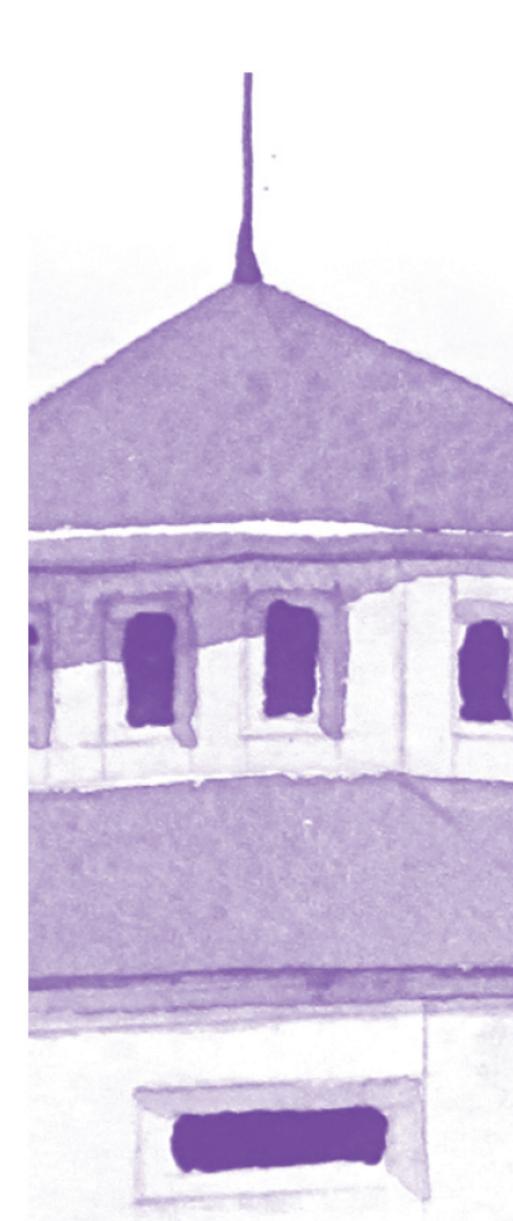

Creation and maintenance of the bibliographic database are primary functions of the Cataloging and Database Maintenance unit. Staff create original and derived records, update holdings and maintain records integrity. Physical preparation of library materials; i.e., applying jackets, security, and barcodes along with mending is handled by members of the Processing unit.
